School Value: **HONESTY**

Dear Parents,

Over the next few weeks we have some exciting events taking place which I wanted to bring to your attention.

On Friday 9th July we will be having the annual school Sports Day. The event will run from 13:00 through to 15:00 with Mr Wells arranging a whole host of fun challenges for the children to take part in. The government released information this week informing us that spectators will be allowed however this will need to be in line with social distancing requirements meaning that groups will need to be limited to 30. I will share more information with you closer to the date including means of entering and leaving the school safely.

The Year 5 and 6 pupils will be putting on a production of the Tempest on Wednesday 14th July at 6pm. Parents of children in Miss Phillips' class will be able to attend with our plans to hold the production outside, weather permitting.

School reports will be sent out to you on Monday 12th July. We have chosen this date to allow families time to speak to their child's teacher prior to the end of the year should you have any questions.

Finally, I am excited to inform you that we will be having a whole school transition day on Tuesday 6th July. Pupils will spend a day with their new class. We are still awaiting confirmation as to secondary transition arrangements; if this does not go ahead, we will make alternative plans in school. Children in reception with have a second transition day on Thursday 15th July to ensure that they meet both class teachers.

You may have seen that the website is being updated with new information all of the time. The headings have changed with class pages easily accessible and clear links to the different subjects being taught within the curriculum section.

Can I please ask that parents have children in school before 09:00. We have had a growing number of pupils arriving late during the past two weeks. It is incredibly important that children arrive on time to ensure that they maximise their learning time in school.

Have a great weekend!

Mr Griffin

### School Council News

We would like to thank everyone who has sent in their red, blue and green milk carton lids. Five boxes have been posted off to Pathfinders Guide Dogs for the Blind charity. Please keep sending them in. Thank you, also for the used tablet blister packs for Marie Curie.

Sadly, we have stopped collecting used printer ink and toner cartridges, because the company only collect specific ones making it difficult to collect the amount required for collection. Those already donated have been taken to a recycling centre.

Blue House Point team won term 5 reward. They had fun playing parachute games while the rest of the classes continued their learning!

### Date for your diary! Volunteers needed!!

On Sunday 18th July, the FSU team and the PTA are organising a day to spruce up the FSU garden. Amongst other jobs we are looking to;

- Jet wash the patio area, Paint the fences,
- Erect and paint our new larger play house,
- Dig and plant up a new vegetable patch in tyres

We would be very grateful for any volunteers to lend a hand, even if you can only spare a couple of hours to come and help make our FSU garden look lovely and bright! **Let any of the FSU team or office staff know if you can attend or just turn up on the day from 10am.** The PTA will provide will refreshments!

Thank you in advance!

Mrs Wells and Mrs Clarke

Yr 5/6 work

Lily has been recognised by Mr Griffin for her consistent excellent learning attitude this term. She was invited to select her favourite piece of work to appear in the newsletter and she has chosen this piece on finding missing angles in quadrilaterals.

6:05:21

am learning how to use the properties of quadrilaterals to find missing angles

Quadrilateral ~~is~~ <sup>is</sup> a closed 2D four-sided shape that ~~intersects~~ <sup>intersects</sup> one pair of ~~have~~ <sup>have</sup> interior that adds up to  $360^\circ$ .

rhombus ~~don't~~ <sup>don't</sup> have  $90^\circ$  angles so it's not a square

trapezium has 1 pair of parallel lines and all angles are not equal to each other.

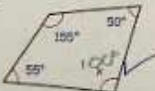

When an angle faces each other in a parallelogram or a rhombus they will be the same numbers of degrees.

In a kite the two angles on the side are the same.

## CLUBS

*Reminder of what happens during the week.*

**Clubs for the Summer Term2 from 3.15 – 4.15pm:**

- a) Mrs Wells on **Monday** with **Rounders**
- b) **Rattle & Roll** on **Tuesday** with **Young Illustrator**
- c) Miss Phillips on **Wednesday** with **Art Club**
- d) Mrs Clarke on **Thursday** with **“The Mustard Seed Club”**. They will have a different theme each week based on a bible story and related songs, crafts and games.

In Art Club, we did artwork inspired by the Dutch artist, Piet Mondrian. We used masking tape and paints to create our pieces, peeling away the masking tape to make clear lines. We hope you like them!

# BRIGADE – SCHOOL UNIFORM

If you are unsure of sizing please ensure that you order by the 5<sup>th</sup> of July – this will enable time for exchanges.

## IMPORTANT WASH CARE INSTRUCTIONS

Always refer to your garment care label to ensure that your uniform looks as good as new for as long as possible. We produce tough, hardwearing uniform, however it is important that you follow the care labels correctly to ensure you get the best out of your purchase.

- Turn garments inside out to wash and dry
- Fasten any buttons before washing
- Do not overload machine
- Iron inside out on a cool setting to avoid heat damage, which can cause a shiny surface on fabrics (do not iron knitwear or cuffs and welts on sweatshirts)
- Bobbling/Pilling is caused by friction and excessive heat. It is also known within the British textile industry that fabric softeners are a major cause of bobbling/pilling of the fabric. Bobbling/pilling often disappears over time and is not a reflection on the quality of the garment.

### Washing symbols and their meaning

Always check the label!!!

### HOW TO MEASURE YOUR CHILD

Measure the actual body measurements as this is far more accurate than measuring over clothes.

**CHEST:** Measure around the chest at the fullest part, placing the tape close up under the arms.

**COLLAR:** Measure around the base of the neck where the collar sits, inserting two fingers between the neck and tape to allow growth

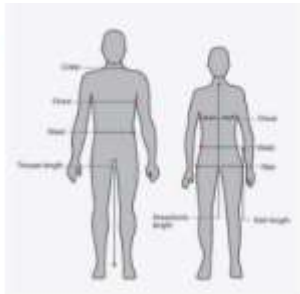

**WAIST:** Measure around the natural waistline

**TROUSER LENGTH:** Measure the inside leg from crotch to floor without shoes on

**HIPS:** Measure around your hips, 20cm (8") below your natural waistline

**SKIRT LENGTH:** Measure from the waist down to where you would want the hem

**DRESS & PINAFORE LENGTH:** Measure from nape of neck to length required.
