

Charlton-on-Otmoor Primary School

needs your help please!!!

The School Council, as part of our school's commitment to be global citizens, have organised two re-cycling projects

Milk Bottle Tops

We are collecting red, green and blue milk bottle tops for the charity www.pathfinders.org.

The charity trains German Shepherd dogs as guide dogs for the visually impaired.

Used empty ink jet and toner cartridges

The recycling company www.emptiesplease.com accept empty cartridges for re-filling and pay for reusable ones. We are collecting to fundraise for our school. They accept most of the big brands, you can check on their website or send in and we will sort. Please collect and send in from your home, business and anyone you know who has a business, and let your friends and neighbours know we are collecting.

Collection points are outside school or please call school 01865 331239 to arrange collection

All donations will be gratefully received. We will update you with our progress.

A BIG THANK YOU from the School Council
