Primary School

SEND Vision

Aspire and Grow Together

At Charlton-on-Otmoor Primary School, we believe that every child has the right to belong, be valued, achieve and thrive. We celebrate every child as a unique individual and recognise that children learn, communicate and develop in different ways.

Our vision for Special Educational Needs and Disabilities (SEND) is rooted in our belief that every child can aspire, every child can grow, and every child can make a valuable contribution to our school community.

We create an inclusive and nurturing environment where children with SEND are known, understood and supported to flourish. We have high aspirations for every child, removing barriers to learning and providing the right support, at the right time, so that every pupil can develop their strengths, build confidence and achieve their potential.

Our SEND provision is guided by our core values:

- **Love** – We nurture every child with warmth, compassion and acceptance, ensuring that every pupil feels safe, valued and that they belong.
- **Respect** – We celebrate difference and recognise the strengths, needs, identities and experiences of every individual.
- **Kindness** – We create a caring community where children support one another, show empathy and understand that everyone may need help at different times.
- **Resilience** – We encourage children to embrace challenge, learn from experiences and develop the confidence to persevere when things are difficult.
- **Forgiveness** – We recognise that mistakes are part of learning. We provide opportunities to reflect, repair relationships, learn and move forward.
- **Honesty** – We build trusting relationships through open and respectful communication, ensuring that children, families and staff feel listened to and able to share their views.

We believe that inclusion is everyone's responsibility. Our SEND provision is a partnership between children, families, teachers, support staff and specialist professionals. We listen to the voice of the child and work together with families to understand individual needs, celebrate progress and plan for the future.

We want every child to leave our school knowing who they are, what they can achieve and that they have a valued place in the world.
