

# Event Management Training for volunteers

on Saturday, 14 March 10-1pm  
at The Salvation Army, Hart Place, Bicester OX26 4FR

**Join the Tandem Collective for a FREE  
Event Management training session!**

*Tandem is the team behind Tandem Festival and is delighted to bring event management expertise to New Beginnings, Bicester's Learning Hub. The training will offer a comprehensive overview of the key elements involved in large-scale event management, including risk assessments and volunteer management.*

This training will look particularly at how to ensure that an event is managed in an environmentally sustainable way - looking at how to 'green' everything from waste management to transport to and from the event.

Following the training, there will be the chance to put your new skills into action by volunteering to support the production of New Beginnings, Bicester Learning Hub's Launch event on Saturday 4th April 2020.

**Please email or phone to book your place**
