

Easter Holiday Activities- Have Fun and send us some photos.

Make an alternative holiday video using green screen

- Choose a country to go on a pretend holiday to. Video yourself using a green screen app or iMovie pretending to visit different places in the country against a green screen (old wall paper painted green, a green wall in your house, green fabric). Remember to wear the right clothes! Then edit the background on the video to match the place you 'visited'. Enjoy your 'holiday' video!
