

1. Make a small wooden cross approx 30cm x 20cm.

2. Greenery can be attached onto cross (optional)

3. Collect flowers and tie into small bunches. Or attach oasis onto the cross if preferred.

4. Tie the small bunches of flowers onto the cross (see helpful hints)

5. The finished cross.

Helpful hints.

- Cross measurement is a guide only; remember your child has to carry it up to church with one hand.
- Write your child's name on the back and you can use it every year.
- Small bunches of flowers can be tied on with twine, tape, wool anything that will hold the flowers firmly in place.
- Some children find a small handle fixed to the back of the cross easier to hold.
- Oasis can be attached to the cross and flowers pushed firmly in.
